

Creating a Watchdog Account

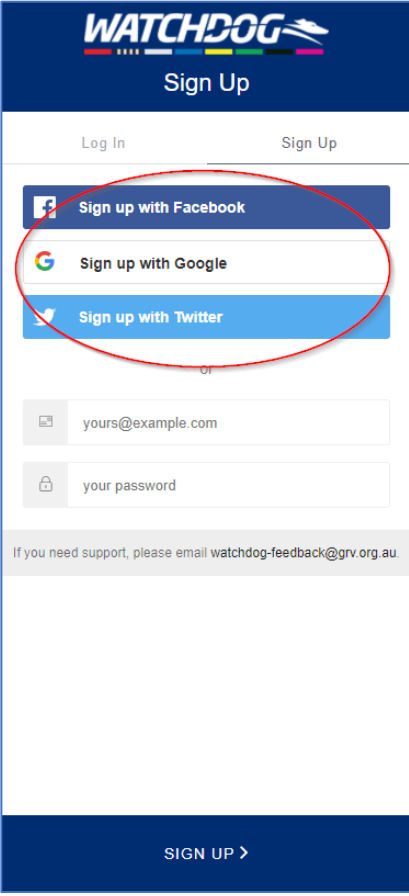

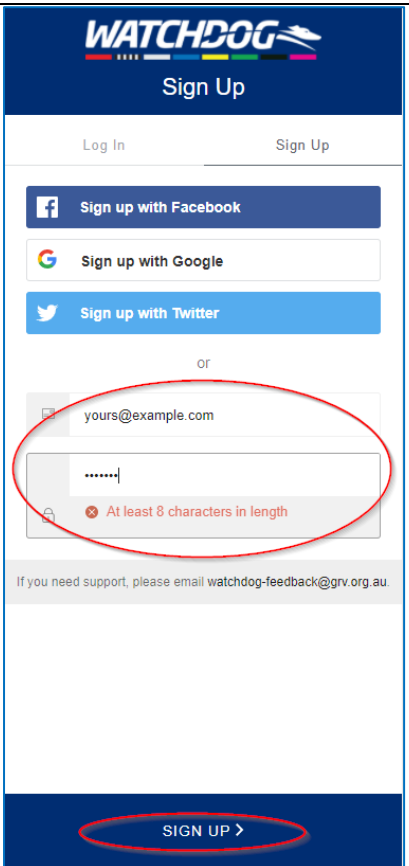

Now that Watchdog supports individual accounts, you will need to create a new Watchdog account. This will be different than your FastTrack account, though you can use the same email address to create your new account, or use several Social Media options.

Once you have a Watchdog account, you can easily import your saved dogs from FastTrack you're your Watchdog Blackbook, which will give you not only a daily summary email of all dogs running for the next day, but also give you the ability to save your favourite trainers as well! As an added bonus, you can also configure pre-race alerts to receive notifications on your mobile device, so you never miss your favourite dogs running again.

Note: your Watchdog account credentials are a new account – they do NOT need to be the same as your FastTrack account (if you have one). You will still be able to import your FastTrack dog tracking data into your Watchdog account, even if you are using a different email address.

Create Account and Login

<p>Step 1</p>	<p>On the Watchdog App, tap the login button.</p> <p>If working from the desktop site, go to: https://watchdog.grv.org.au/</p>	 <p>The screenshot shows the Watchdog app interface. At the top right, there is a profile icon circled in red, indicating the login button. Below the header, there are tabs for 'Next To Jump', 'Latest Results', 'Today', and 'Tomorrow'. The main content area features a video of a man with a greyhound dog, dated 16 Sep 2020. Below the video are 'LATEST VIDEOS' and a Facebook link: 'Join our Facebook to get the latest news and events'. At the bottom, there is a navigation bar with icons for Home, News, Calendar, Blackbook, and Stream.</p>
